## Preliminary Paragraph:

On Tuesday 07-08-08 at approx. 1940 hours, the Bloomington Police received a call from the RP [REDACTED] in regards to seeing suspicious activity on P-4 East.

The reported activity was seeing two middle eastern males watching airplanes from the MOA parking ramp.

Additional information was the males were using a laser finder, a radar gun, and a camera.

## Officers Actions/Observations:

I responded to P-4 East, Aisle F, Row 16 and spoke with the RP.

The RP stated the following:

He and his 2 year old son were walking from level 3 Sears skyway to the edge of P-4 East which overlooks 24th Avenue. He wanted to take his son over to the area to watch airplanes land.

As he got closer to the area, he saw two (2) middle eastern males up against the parking ramp edge looking over at the airplanes landing.

He saw the following behavior:

One of the males was holding a laser finder and pointing it at an airplane that was landing, he followed the airplane with the finder as it was landing.

The second male was holding what looked like a radar gun and it also was pointed at airplanes as they were landing.

One of the males also had a camera and he saw the male do a pan of the landing area of the airport runway.

One of the males was writing something down on a piece of paper he was holding.

As the RP got within 6-7 feet of them, he noticed that the two males tried to hide themselves behind pillars to avoid being seen.

The RP made eye contact with them and said hello.

The males reacted by not trying to make eye contact with him and half heartedly gave him a wave hello.

The two males said something to each other in a foreign language and quickly packed up their belongings.

One of the males was carrying a camera bag.

The two males quickly walked away and walked towards the Sears store.

The RP kept watching them and saw them look back at him.

The RP saw them go into the level 3 skyway and into the Sears store.

The RP estimates that from the time he saw them to the time they left the area, it was approx. 5-7 minutes.

The time he saw them was approx. 1930 hours.

The RP called us at 1940 hours.

The RP described them:

Male #1: Light brown skinned middle eastern male, early 30's in age, 200-210 lbs., 5'10"-5'11", no facial hair, short dark hair, wearing a white colored shirt, washed out jean shorts or jeans.

Male #2: Light brown skinned middle eastern male, mid to late 20's in age, 5'8"-5'9", 175 lbs., dark hair longer in length, wearing a green t-shirt and pants.

The description was given to MOA-Security dispatchers and officers and Sears-loss prevention was also notified.

Officers looked in the area but did not locate the suspects.

I checked into any possible video that MOA Security may have on the suspects.  
They have some video of the suspects as they are in the area of level 3 Sears court.  
The males first appear at approx. 1934 hours.  
The males go to a help tower on level 3 and then walk down to level 2 and look at that help tower.  
The two appear to purposely create distance between them and separate. The male in the green shirt walks towards the west on level 2 north.  
The male wearing the white shirt stands near the help tower near the Goodman's jewelry store.  
The male in the white shirt then walks to the west on level 2 north.  
I have made a request to have any and all video of the suspects be made for this report.  
The video will be property inventoried upon receipt.  
Disposition:  
Report completed for documentation.
